

Il tavolo Desco è caratterizzato dalle gambe sagomate in legno che si ispirano alla tradizione, ma con uno spirito contemporaneo. Il piano, quadrato o rettangolare, può essere impiallacciato di spessore 25 mm e bordo smussato, oppure in ceramica di spessore 12 mm, sempre con bordi smussati, in versione fissa o allungabile.

The Desco table features curved wooden legs inspired by tradition with a contemporary spin. The square or rectangular top is available in 25 mm thickness with a veneered finish and bevelled edges, or in 12 mm thick ceramic with bevelled edges, in a fixed or extendable version.
